

Mocha Cookie Crumble Frappuccino

1 cup strong coffee (I used decaff)
¼ cup *plus* 2 Tbs flavored creamer (I used International Delight - Cold Stone Creamery Sweet Cream)
½ tsp white sugar
½ tsp brown sugar
1 Tbsp chocolate syrup
3 Tbsp mini chocolate chips, chopped
3 Oreos, crushed (or 2 Tbs cookie crumbs)
1-1½ cup crushed ice
Chocolate whipped cream (optional, but not really...)
Cookie crumbs for garnish (optional, but yet again, not really...)

Mix coffee, creamer, sugars, and chocolate syrup together. Refrigerate if using hot coffee. Once coffee is cooled, pour into blender. Add chocolate chips, crushed Oreos and ice. Blend on high until everything is well mixed and the ice is no longer visible. Top with whipped cream and cookie crumbs. Enjoy!
